WEDDING BROCHURE

HI! WE'RE TIMO & KAY

We're a filmmaking duo (and a couple) from the Netherlands. For years we felt a pull away from our healthcare careers; travelling the world and meeting people made us want something of our own.

Then in 2019 a first wedding landed in our laps, and lightning struck. We knew instantly we wanted to make something different from the overly dramatic, sometimes somber films we saw everywhere. Because weddings are FUN.

We wanted films that reflect the real energy and emotion. Films that feel personal, that let you relive the raw joy for years. So forget predictable, chronological scenes, staged shoots and the overuse of slow motion.

Every film is tailor-made, built from scratch like a 10,000-piece puzzle with no picture on the box. One goal: a timeless film that has you laughing, crying, and hitting replay.

We only take on a maximum of 10 weddings a year. That way we can be all in for every couple, from the first call to the final cut.

WEDDINGS ARE FUN.
so your film should be too.

A photograph of a diverse crowd of people at an outdoor festival or concert. The scene is filled with people in various styles of clothing, including hats, sunglasses, and casual wear. Some individuals are holding up their smartphones to take photos or videos. The background shows lush green trees, suggesting a park or festival setting. The overall atmosphere is festive and social.

FAQ

01	Too much reading? Can we just talk instead?	Please! We'd much rather get to know you in a real conversation than through a brochure. It's the best way to find out if we click. Send us an email with your date, your venue and a little about the two of you, and we'll plan a call.
02	Are you free on our date, and do you travel?	We film all over the world, and roughly half of our weddings are abroad. We take on a maximum of 10 weddings a year, so dates go quickly. Email us your date and location and we'll usually get back to you within a day.
03	How long until we get our film?	Usually between 12 and 20 weeks. Good things take time, and we'd rather get it right than rush it. Can't wait that long? Add express delivery and you'll have your film within 45 days.
04	Can we pay in instalments?	Yes. A deposit secures your date, and we're happy to split the rest into a payment plan that suits you. Just let us know what works.
05	Can you build a custom package?	Always. A single day, a full weekend or a celebration across two countries: tell us what you're planning and we'll put together a proposal that fits.

LET'S TALK.

Ready to dive into the unfiltered joy of your wedding? Send us your date, your venue and a little about the two of you. We usually reply within a day, and we can't wait to hear your story.
